Abstract: An essay is presented on the post-World War I activism of U.S. women in the area of international labor reform. It profiles the formation and activities of the National Women's Trade Union League of America (NWTUL), including its participation in the founding of the International Federation of Working Women (IFWW). Topics include interactions between U.S. and international labor rights activists and profiles of NWTUL leaders Rose Schneiderman and Mary Anderson.

Author Affiliations: ¹Dorothy Sue Cobble is Distinguished Professor of History and Labor Studies at Rutgers University.
